Re: *Amendment of the Commission's Part 90 Rules in the 904-909.75 and 919.75-928 MHz Bands, WT Docket No. 06-49*

Dear Ms. Dortch:

On December 17, 2007, Nick Frenzel, Jim Fleming, Michael McMains, Harold Furchtgott-Roth, and Janice Obuchowski, representing Progeny LMS, LLC ("Progeny"), met with Chairman Kevin Martin, Fred Campbell, Chief of the Wireless Telecommunications Bureau, and Ian Dillner, Legal Advisor to Chairman Martin on Wireline Issues, to discuss the status of the above referenced proceeding and the need to bring it to closure.

We discussed our efforts to address any outstanding concerns and to put forth reasonable technical proposals that promote sharing and coexistence between different users in the band. We noted that the proceeding has established the requisite technical and policy basis for the Commission to act. We requested that the Chairman follow its precedent on flexibility and grant the relief needed to offer new services to the public.

In accordance with Section 1.1206(b) of the Commission's Rules, this letter is being filed with your office. Should you have any questions or concerns in connection with this submission, please contact me at (202) 371-2800.

Sincerely,

Janice Obuchowski
